Sporty Money Twist approaches financial capability in a hands-on manner as young people play games and work together to understand and address key topics like public finance. The key elements of fun, friendly competition and detailed content allow participants to discuss and share their views in an engaging and comfortable environment.

The session is designed to get young people thinking and caring about their finances, both now and in the short and long term future. Participants are given the opportunity to learn and change their behaviour through activities that cater for all levels of ability. Sporty Money Twist can be delivered on a playing area outside or in a large indoor hall.
