Young adults living on their own, or about to, are often in need of survival money management skills and actions they can implement immediately. For many of them, the digital space is their ecosystem, but they do not always know how to positively leverage their natural tech skills. Combining digital literacy with money management is a powerful and liberating prospect for those who find themselves waiting on payday or punished by late fees.

Accreditation - Money Works maps into a range of accredited life skills, money management and employability certificates. Young people attending the full programme can qualify for a **Level 1 Personal Money Management** accreditation.

What did the young person think?

"I enjoyed learning about how not to get into debt. Something I want to start doing is making my own money - I will always save." **Trish, 16, Rathbone & Hackney Council.**
