

MyBnk's Young Adult Programmes for 16-25-year-olds: Which financial education programme should you choose?

Our expert-led programmes aim to give young adults in vulnerable circumstances 'survival' money skills and knowledge for their transition into independent living.

These workshops focus on debt prioritisation, money management and digital finance skills. Delivered through councils, charities and non-mainstream education institutions, we help those often not in employment, education or training or leaving care, improve and demystify their relationship with money.

Would your YP benefit from learning about living independently?

Yes ↓

No ↘

No ←

Do you have space to host them?

Yes ↓

To book you need to:

- Recruit at least 6 YP
- Have a space to host them
- We encourage reimbursing their travel and lunch

Mobile Money House

Same rules apply as with MoneyWorks.
